

10 things to love about Lovebites

Positive Bonding Experience

Easy to use medicated chews and meal toppers allow owners to bond with their dog while medicating at the same time.

Nutritionally Reviewed

All dose rates are reviewed by veterinarians and nutritionists to ensure they are included at a clinically proven safe and effective level.

Accurate Dosage

Each chew or meal topper pump administers the correct dosage with no measuring required.

Highly Palatable

Chews and meal toppers are highly palatable with natural flavours.

Easy To Use

Either pump the meal topper onto food or hand a chew to the dog.

100% Safe

Formulated with premium ingredients with the safety of dogs in mind.

Practical Packaging

Meal toppers are stored in a unique moisture-inhibiting cylinder and chews are stored in a resealable pouch.

Affordable

Lovebites are affordable with excellent functionality and effective dose rates.

All products are Australian made.

All products are grain-free and have no artificial colours, binders, and flavours
