DATA SHEET

A blend of sucrose, fructose, glucose, amino acids, vitamins and minerals in a stabilised liquid formula.

★ Supplement for nectar eaters.

Nutritious, sweet, liquid nectar that is easy and convenient to supply.

Directions: Supply fresh Blossom Nectar (in clean containers) to birds and animals daily. Use as a part of the diet - other foods should be made available. Blossom Nectar may be spread over other foods to encourage intake.

Wild Nectar Feeders: Place Blossom Nectar in a suitable dispenser in an area where birds and gliders visit. Change nectar daily.

Recommended for: Pet and Wild Lori/Lorikeets. Sugar Gliders.

Can be used with: Golden Lori Rice Formula and Nectar Pellets.

Ingredients:

Fructose, glucose, sucrose, amino acids, vitamins and minerals.

Size: Available in 500mL, 1L & 5L.

Item# 500mL - 00369, 1L - 00081, 5L - 00210

Expiry: 2 years from date of manufacture.
