

neocare

ADVANCED HAND REARING FORMULA

Always start with a very runny mix. Add 2 small level scoops of Neocare formula to a mixing cup, followed by 1 large scoop and 1 small scoop of boiling water.

Mix thoroughly using a fork for 30 seconds or until an even consistency is achieved. It is very important to ensure that you mix using a fork, using the back side of the fork to push through and stir the mixture.

Ensure the formula is a smooth consistency and that there are no dry lumps. Check the temperature (38-41°C), and then feed.

Over the next 48 hours, gradually thicken formula until the regular mixing level (outlined adjacent) is reached.

Add one large level scoop of Neocare to a mixing cup, followed by one large scoop of boiling water.

Mix thoroughly using a fork for 30 seconds until a thick and consistent paste is formed. It is very important to ensure that you mix using a fork, using the back side of the fork to push through and stir the mixture.

Add a further 3 small scoops of cool water and mix for a further 2 minutes or until an even consistency is achieved.

Ensure the formula is a smooth consistency and that there are no dry lumps. Check the temperature, and then feed.

Ingredients:

Whole Grains (Corn, Soybean, Wheat), Vegetable Oil, Soy Protein Isolate, Wheat gluten, Psyllium Husk, Lecithin, Lysine, Methionine, Natural Organic Acid, Choline, vitamins (A, B₁, B₂, B₃, B₅, B₆, B₉, B₁₂, C, D₃, E, H & K), Minerals (Calcium, Phosphorus, Cobalt, Copper, Iodine, Iron, Magnesium, Manganese, Potassium, Selenium, Sodium, Sulphur & Zinc), Probiotics (*Lactobacillus acidophilus*, *L. casei*, *L. salivarius*, *L. plantarum*, *L. rhamnosus*, *L. brevis*, *Bifidobacterium bifidum*, *B. lactis*, *S. thermophilus*), Prebiotic (chicory root extract) and Enzymes (Protease, Amylase, Cellulase, Hemicellulase, Lipase, Papain, Bromelain).
