

NEOCARE VS NUTRICORE

neocare
ADVANCED HAND REARING FORMULA

Extruded

NutriCore
hand rearing formula

Blend

SUITABLE FOR

All species of birds from hatching through to weaning.

Suitable for most species of parrots, such as cockatiels, budgies, ringnecks etc. Sensitive species such as African Grey Parrots, Black Cockatoos and Hyacinth Macaws should be raised on Neocare.

AGE

From hatching to weaning.

From 1 week old. Vetafarm recommends that birds hatched from the egg are fed Neocare for the first week before transitioning onto Nutricore.

MIXING

More time consuming, thicker mix.

Easier, quicker and thinner mix.

PROBIOTICS

PREBIOTICS

ENZYMES

FLAVOUR

Naturally Flavoured

Blueberry
